

Board Report
October

Elmer Smith Trustee Meeting- Brian Johnson gave the board an update on the Elmer Smith Trust Fund.

Consent Agenda- The board approved the open enrollment in of the Janning family, They also accepted Mr. Fisher's resignation from the position of JH Volleyball Coach

Oral Reports: Mr. Troutman reported on the dates for parent teacher conferences, updated the board on attendance at the AEA11 SPED networking meetings, and reported on his attendance of the Iowa Safe Schools Symposium.

My report: I reported on the ESSA plan and how the state has delayed the release of the School Report Cards until December. These will now be the means by which schools are identified for needing assistance. I reported to the board on the new Iowa Assessments which will be given this spring. We are currently going through trainings to be able to deliver them online as well as to understand the delivery methods of the test itself. I reported to the board on our attendance at the statewide emergency planning meetings as well as the need for a community wide needs assessment which we are required to do every five years. Finally, I reported to the board on mine and Denise's attendance at the IASB budget workshop..

Discussion Items:

Certified enrollment- I gave the board the final numbers for certified enrollment this year. We are down 8 students from last year. All 8 were resident students, as our open enroll numbers remained consistent

Action Items:

The board approved our request for a waiver from the state so we can deliver PE within our block schedule the way we have always done. This is something we have requested and been granted for many years.

The board approved the CSIP goals

The board approved Dave Richardson to get the snow removal bid.

Next months meeting will be on Tuesday Nov. 20th
