

## **2023 Tallon Beiter Memorial Scholarship**

The Tallon Beiter Memorial Scholarship will be awarded to a recipient(s) chosen by his brother Tregan and sister Addy.

During high school Tallon was on the golf team and football team for 1 season. After finding his dream job at Housby in Carroll he no longer wanted to play sports so he could dedicate more time to his work. He knew mid sophomore year that he wanted to be a diesel mechanic. Tallon did not get good grades, he pushed the dress code limits, was late to school often, and tardy for classes. But he always had a smile and was willing to help anyone. He had some good excuses about being late or why homework was not done.

Tallon attended DMACC in Ankeny and graduated with a Diesel Mechanics degree in 2020. While going to college he worked at Housby in Des Moines and had had farm ground, he loved to keep busy. In his spare time, he would buy vehicles, fix them up, and resell them. Every truck he drove was loud. He loved his family and he came home every weekend while at college to spend time with them. In February 2020 he purchased his own acreage. His hard work paid off! He fell in love with the shop that was there and had big dreams for those 7 acres.

There are no limitations but, we encourage students going into any type of trade school or agriculture to apply for this scholarship. Tallon was always buying tools and we know that Tallon would like to help someone else out paying for their tools. Because of farming he was able to purchase his acreage. Most importantly he would always go out of his way to help anyone and we want to continue the Tallon tradition by helping out others.

Tregan and Addy will not know the names of the applicants and some questions will have more value than others.
